ZAI MIZTIQ

“With confidence and clarity, every dream can turn into a reality.”

STEP UP SERIES

Zai Miztiq is a passionate believer in the potential of people and guides them into and through the process of breakthroughs. Growth is inevitable, though it is a choice to delay it or stay stagnant.

Zai shares her Step Up Series to inspire, motivate, empower and guide others into building and consciously choosing a better reality for themselves. Touching on the emotional and psychological aspects, Zai prepares others by giving them the tools they need to be resilient as they step up towards achieving their dreams and making it their reality.

Zai makes it her personal mission to be part of the catalyst that empowers the community to step up, be braver, communicate better and build emotional resilience in order to live a better life.

Zai Miztiq, also known as the walking and talking miracle, is a global speaker, author, trainer, model and life coach. Her works have reached out to thousands across Asia, UK, Europe, Middle East and Africa.

Zai is part of the alumni of the Women's Leadership Academy of the US Department of State. She was nominated for 'The Most Compassionate Womenpreneur Award' in 2019, awarded the 'Kindness Advocate' and ambassador of VOLK – Voice of Loving Kindness by Singapore Kindness Movement and conferred as '101 Most Fabulous Global Coaching Leader 2020' by World HRD Congress and one of the 'Iconic Women Creating a Better World for All' in March 2020 at the Women Economic Forum.

Despite her success momentum, little is known of the tragedy that struck her in April 2005. After a painful recovery from an accident that broke her spine and almost rendered her paralysed, Zai's determination for a comeback redefined her life's mission and that became a driving force for her to positively impact humanity.

During her recovery, Zai knew that she had to step up, even when it means having to learn to walk all over again. Though the odds were stacked against her, it was her determination that did not let her circumstances dictate her life, allowing her to share her story with the world today.

"Once again, congratulations on the publication of your books. Listening to you, I feel greatly inspired. I am sure that people will be inspired by your story."

President Mdm Halimah Yacob
President of Singapore

Met Zai at the Brace Myself Women Conference in Malaysia - she was so awe-inspiring and amazing how she moved the crowd despite being the closing keynote speaker. Three words to describe Zai on stage - funny, marvelous & energetic.

Anna Lau
International Sales Trainer for
Swedish-made Braille Machine

Zai is a very realistic and pragmatic motivational speaker. Her catchy phrases such as "I chose not to be a victim but instead a victor" are in reality very profound. She shares information and knowledge that are relevant to everyday life. She is one of those rare speakers whom you hear and then suddenly it hits you. I knew this all along but it just never resonated with me till Zai simplified it to me. Looking forward to more talks from her. Thanks Zai.

Brian Ratnam
Head of HSE-ASIA,
Director Aggreko (Singapore) Pte Ltd
